

MAF ADVENT ADVENTURE 2023

'While we wait for the food to arrive, would any of you like to see a video my friends, the children of Mark and Steph Draper, sent me for Christmas?' asked Mike. 'Mark is an MAF aircraft maintenance engineer and his wife Steph looks after their three girls. The family moved from the UK to Uganda last year.'

'Oh, we'd love to!' said Alpha and Foxtrot, looking at Mike's phone to see the video. 'It'll be really interesting to hear what life is like in Uganda and to hear what Christmas celebrations are like in that country.'

'People who work overseas like the Drapers are called missionaries,' Mike called out from the kitchen. 'As you know, they go to places in the world where the Lord calls them, and so they tell people about Him.'

'Yes,' Foxtrot nodded. 'The Bible calls us to "go and make disciples of all nations". That's why MAF flights take the Good News to the places where people have never heard about Jesus before!'
